

Preparation Phase

Setting up Application Environment

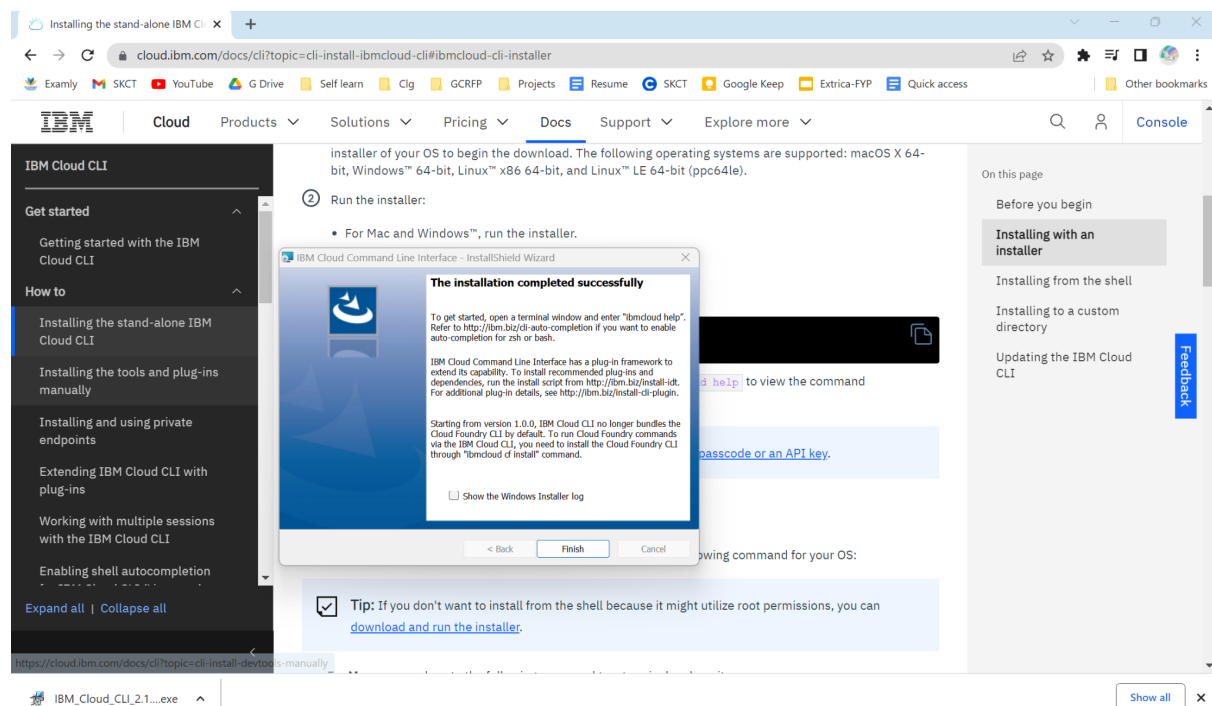

Team ID	PNT2022TMID19786
Project Name	Skill / Job Recommender Application

1. Install IBM Cloud CLI:

Open the Reference Link 1 (given below the screenshot) and just follow the steps detailedly provided.

If you are installing from the shell, follow the Operating System (OS) specific commands given, copy & run it in your terminal.

Or if you choose to install using an Installer then open the Reference Link 2 and choose an Installer based on your OS.

Reference: Link 1: <https://cloud.ibm.com/docs/cli?topic=cli-install-ibmcloud-cli>

Link 2: <https://github.com/IBM-Cloud/ibm-cloud-cli-release/releases/>

Once the installation setup is complete, you can now use the IBM Cloud CLI & run commands directly through your terminal for managing resources in IBM Cloud.
